For those who will not be able to make it, the entire main conference will be **live streamed**. Please share with your network of colleagues. The Program is attached.

As you can see from the Program, we have engaged an amazing group of presenters, which reflects the importance of the issues that will be addressed at the meeting. This is coming at a significant expense. We would like to ask those of you who can, to consider making a donation to ISSOP to help us cover some of these expenses. We have an anonymous donor who has committed to match your donation. Your support will contribute much to the success of the meeting and our work after the conference.

While we are committed to continue our work in the domain of violence against children, we will be launching a multi-year endeavor related to the impact of climate change on children. Please consider joining ISSOP in support of our global agenda to advance the rights of children.

On behalf of our Scientific Committee that has worked hard to make this meeting the success it will be, thank-you for your consideration and for all you do for children and families.

Warm regards.
